## DEAR PATRONS

Welcome to the Mountain Arts Community Center. We hope that inside these pages you will find areas of interest that will enrich your creative side and feed the inner you! We strive to provide the community with the best teachers and a wide variety of classes.

There are actually 5 departments within the MACC: Education, Events, Facility Rental, Alumni and History, and Restoration. In this catalog we offer our educational opportunities. Check our website regularly for upcoming workshops, concerts, art exhibits, rental opportunities and alumni information. Like us on Face Book, and participate in our contests to identify historical pictures and places.

Our hope for the upcoming year is to continue to upgrade the building, increase our presence in the Chattanooga area as a viable performing space, and offer our community some of the best the arts have to offer. We hope to soon have a permanent space within the MACC to exhibit historical artifacts and to house our growing collection of oral history videos. If these walls could talk! If you have something to offer, please contact us.

We are in need of volunteers to usher concerts and art exhibits and even help in our office. Let us know if you are interested.

Thanks for your interest in the Mountain Arts Community Center. We hope you like what you see. We are part of Signal Mountain: A Great Place to Live!

Sincerely,

Barb Storm  
Director

Remember anyone can learn to draw and paint. *Why not start now??*

### FEES:

Adult classes: \$140 per 5 week session, Member: \$125

Children's classes: \$95 per 5 week session, Member: \$80

### **"MONDAY'S KIDS" & CALLIGRAPHY AND HANDWRITING CLASS:\***

Session I	January 9 - February 14 (omitting Jan. 16)
Session II	February 20 - March 19
Session III	April 16 - May 14

#### MONDAY CALLIGRAPHY/HANDWRITING CLASS FOR KIDS: 4:15 p.m. – 5:30 p.m. (Ages 8 and up)

This class is based on the theory that Handwriting is not only a graceful art form but its practice stimulates the use of both hemispheres of a child's brain. The result is often an increase in a child's powers of observation, better hand/eye co-ordination, and better integration of the whole brain in problem solving. Along with brain development there is mounting evidence that these skill sets transfer to math and science. Students learn a calligraphy style during each 5 week period and write/illustrate small books in the 5 week period.

### **"TUESDAY'S KIDS" & PAINTING CLASS:\***

Session I	January 10 - February 14 (omitting Jan. 17)
Session II	February 21 - March 20
Session III	April 17 - May 15

#### TUESDAY PAINTING FOR KIDS: 4:15 p.m. – 5:30 p.m. (Ages 8 and up)

Building on the child's innate desire to express themselves, this class offers an opportunity to paint and illustrate their own "works." Along with the fun of painting they develop hand/eye co-ordination, learn to make design/color choices, and learn creative composition.

### **"THURSDAY'S KIDS" & PAINTING CLASS:\***

Session I	January 12 - February 16 (omitting Jan. 19)
Session II	February 23 - March 22
Session III	April 19 - May 17

#### THURSDAY ART FOR KIDS: 4:15 p.m. – 5:15 p.m. (Ages 5-7) (limited to 6)

This is a class for fun and exploration in areas that support the creative side of a child. Through paint and brush, marker, chalk, pencil and paper, we seek to expand a child's imagination. This is a good transition class for the younger child who wants to experience art in an active studio.

*Book by Delia Ephron, Music by John Forster and Judith Kahan*

Directed by Colleen Laliberte

This is one of our FAVORITE plays for young people!

Told "lesson" by "lesson", the actors present to the "adults" their secrets of being a kid. Lessons include "How to Beg for a Dog", "How to ride in a car", "How to wait", "How to understand your parents", "How to play" and *MORE! No previous experience is necessary!*

*"So you could sit there thinking like a grown-up. Or you could come along and join us,  
clown around the playground.....  
like a child, like a child, like a ch-ch-child! YEAH!"*
